STATEMENT

The above identified application became abandoned for failure to file a timely and proper reply to a Notice to File Missing Parts mailed on June 6, 2000. In response to a Notice of Abandonment mailed on January 7, 2002, a petition to revive the application under 37 C.F.R. 1.137(a) was filed on February 6, 2002.

A statement to establish unavoidable delay attested that the Notice to File Missing Parts was never received by Applicant's representatives.

In the MPEP § 711.03(c), p. 700-149, decisions on reviving abandoned applications on the basis of "unavoidable" delay are described as having adopted the reasonably prudent person standard in determining if the delay was unavoidable. It permits prudent and careful persons to rely upon the ordinary and trustworthy agencies of the mail and telegraph in the exercise of no more or greater care or diligence than is generally used in relation to their most important business.

Applicant's representatives, in the exercise of due care and diligence, rely upon a docketing system, which records, docket and files Office communications upon receipt from the ordinary and trustworthy agencies of mail delivery as are usually employed in such business practices.

Trained legal assistants routinely handle Notices to File Missing Parts, preparing Declarations and Powers of Attorney, in response to notifications from said docketing system.

The Notice to File Missing Parts for the above identified application was not received by Applicant's representatives.

I hereby, attest that a search of the file jacket and of the docket records indicates that the Notice to File Missing Parts of Application was not received.

Attached is a copy of the docket record where the nonreceived Notice to File Missing Parts of Application would have been entered had it been received and docketed.

For example, the first two docket entries (Due Date 6/22/200 and Due Date 9/22/2001) were generated responsive to the receipt and recordation of the return postcard in the above identified application. Attached is a copy of the page from the file jacket showing the date of receipt as April 3, 2000 and the date of recordation by the database dept. as April 6, 2000. Also shown are the corresponding docket entry stickers (Due Date 6/22/200 and Due Date 9/22/2001) generated for the file jacket responsive to recordation of the return postcard.

Following receipt on April 3, 2000 and recordation on April 6, 2000 of the return postcard in the above identified application, no other Office communications were received or recorded until January 14, 2002, on which date Applicant's representatives received the Notice of Abandonment mailed January 7, 2002. Attached is a copy of the Notice of Abandonment page from the file jacket showing the date of receipt as January 14, 2002 and the date of recordation by the database dept. as January 18, 2002. The third docket entry (Due Date 2/6/2002) was generated responsive to the receipt and recordation of the Notice of Abandonment.

In response to the Notice of Abandonment, a reply, including missing parts for the above identified application, was diligently prepared and a petition to revive the application under 37 C.F.R. 1.137(a) was timely filed on February 6, 2002. The fourth docket entry (Due Date 2/6/2003) was generated responsive to filing a response to the Notice of Abandonment.

The fifth and final docket entry (Due Date 7/2/2002) was generated responsive to receipt and recordation of the Decision on Petition mailed May 2, 2002. Attached is a copy of the first page of the Decision on Petition from the file jacket showing the date of receipt as May 9, 2002 and the date of recordation by the database dept. as May 13, 2002.

CONCLUSION

In light of the above statement, Applicant respectfully petitions to withdraw the holding of abandonment of the above identified application under 37 CFR 181(a).

If any additional fee is required, please charge Deposit Account No. 02-2666. A duplicate of this Response is enclosed for deposit account charging purposes.
